Simplyhealth ladies

Health organisation, Simplyhealth, has helped Breast Cancer Haven in Leeds by providing funding for two part-time acupuncture therapists to offer 550 hours of therapy to people affected by breast cancer. Breast Cancer Haven, a national charity offers Visitors a variety of free support including counselling, reflexology, homeopathy and relaxation techniques.

Julie Harrington, Yorkshire Fundraising Manager, Breast Cancer Haven explains: "Here at the Haven, we believe that all our Visitors deserve the best therapy possible and that these therapies make a difference to someone's physical and emotional wellbeing. One of the major side effects for the treatment of breast cancer is hot flushes; ear acupuncture can help alleviate the symptoms and has proven to be a very popular remedy."

"We are extremely grateful to Simplyhealth for supporting us in this way, our treatments can help by relieving discomfort and we can provide additional care and support to people when they need it most."

In 2007, Simplyhealth donated £150,000 to the Breast Cancer Haven Yorkshire Appeal to help build the Haven and, as Founder Donors, now have a dedicated therapy room, the Tulip Room. The Haven opened in October 2008 and has successfully provided complementary therapies and specialist services to over 320 breast cancer patients in the Yorkshire region. There are also Haven centres in Hereford and London.

If you would like to find out more about Breast Cancer Haven and the services it offers then please visit <http://www.breastcancerhaven.org.uk/index.php>
